### **About the project ERASMUS+ EDUQAS “Implementation of Education Quality Assurance System via Cooperation of University- Business-Government in HEIs”**

The wider objective of the project is to improve education quality assurance systems through development of efficient internal quality standards leading to better employability of students in Partner Countries Universities. The internal QA system is based on analysis of needs and capacities in Kazakh and Ukrainian HEIs, experiences and best practices from the successful quality assurance action line of the Bologna Process.

#### **Main goals:**

- to promote the creation of quality culture at various levels through motivation, trust, responsibility of students, institutional leadership, individual staff members;
- to elaborate proposals for the design of programmes on Bachelor and Master levels with the involvement of all stakeholders;
- to develop technologies of assessment quality of Bachelor and Master programmes; designed programmes should meet the objectives including learning outcomes;
- to conduct training for the QA specialist and academic staff;
- to improve affiliate network university-business-government, collaboration with the EU universities;
- to enhance internal university information systems of quality evaluation;
- to develop a corporate QA infrastructure based on ICT, on-line, mobile technologies.

## **Partnership:**

- P1 - UNIVERSITATEA DIN CRAIOVA, Craiova, Romania – Project coordinator
- P2 - KUNGLIGA TEKNISKA HOEGSKOLAN, Stockholm, Sweden
- P3 - UNIVERSITE DE LIEGE, Liege, Belgium
- P4 - UNIVERSITY OF PLOVDIV PAISII HILENDARSKI, Plovdiv, Bulgaria
- P5 - LATVIJAS UNIVERSITATE, Riga, Latvia
- P6 - UNIVERSITE DE LORRAINE, Nancy Cedex, France
- P7 - SIMON KUZNETS KHARKIV NATIONAL UNIVERSITY OF ECONOMICS, Kharkiv, Ukraine
- P8 - LVIV POLYTECHNIC NATIONAL UNIVERSITY, Lviv, Ukraine
- P9 - DONETSK STATE UNIVERSITY OF MANAGEMENT, Mariupol, Ukraine
- P10 - NATIONAL METALLURGICAL ACADEMY OF UKRAINE, Dnipropetrovsk, Ukraine
- P11 - ABLAI KHAN UNIVERSITY OF INTERNATIONAL RELATIONS AND WORLD LANGUAGES, Almaty, Kazakhstan
- P12 - KAZAKH UNIVERSITY OF ECONOMY, FINANCE AND INTERNATIONAL TRADE, Astana, Kazakhstan
- P13 - INSTITUTE OF HIGHER EDUCATION, NATIONAL ACADEMY OF EDUCATION, Kyiv, Ukraine
- P14 - NATIONAL AGENCY FOR HIGHER EDUCATION QUALITY ASSURANCE, Kyiv, Ukraine
- P15 - MINISTRY OF EDUCATION AND SCIENCE OF UKRAINE, Kyiv, Ukraine

## DESCRIPTION

Dissemination and exploitation strategy of EDUQAS project was aimed to promote the objectives, progress and the project outcomes to all stakeholders. The objective of the Dissemination work package is to ensure the appropriate dissemination of the project results. The efficient dissemination strategy was defined in agreement with the consortium partners and implemented thoroughly in order to maximize the results and achievements of the project with activation of the both academic and non-academic channels. The elaborated strategy allows:

- to specify the exploitation plans of the project aligned with the wider and specific project objectives as a whole and for each partner individually;
- to encourage the intellectual contributions from the academic community;
- to establish and manage the dissemination and exploitation activities according to the project plan;
- to arrange properly the dissemination events (workshops, seminars) in order to promote the project results.

## Dissemination Report

---

Additional important sustainability measures were deployed throughout the project period: series of trainings, workshops and other capacity building activities.

The following dissemination activities were planned in the project application:

– *Activity 5.1. Create strategy & plan for project dissemination and sustainability*

D&S strategy was developed and agreed upon by the project partners and approved on the 1<sup>st</sup> coordination meeting. The strategy is published on the project website <http://web.elth.ucv.ro/eduqas/wp-content/uploads/sites/2/2018/10/dissemination-strategy-EDUQAS-final.pdf>

To maximize the effectiveness of dissemination from the start of the project, we reached beyond the formal project consortium setting up a network which includes not just a wide range of universities, but also representatives from businesses.

The strategy consists of the following elements:

1. The purpose and assignment of dissemination
2. The concept of dissemination
3. Target groups as specified by the EDUQAS project tasks and objectives
4. Action plan for the dissemination of the project results
5. Specific dissemination tasks for each project partner for each year
6. Quality assurance of dissemination activities
7. Sustainability of project results
8. Annex 1 “Dissemination Plan”
9. Annex 2 “Form for reporting on EDUQAS dissemination activity”.

Every project participant is obliged to prepare the annual dissemination plans and submit dissemination reports during implementation of EDUQAS project according to the annexes of Dissemination Strategy: Annex 1 “Dissemination Plan” and Annex 2 “Form for reporting on EDUQAS dissemination activity” (*all dissemination plans and dissemination reports from project partners are attached to dissemination report in [Annex 1](#) and [Annex 2](#)*).

– *Activity 5.2. Content management of project web-site*

### Dissemination Report

---

Project web-sites <http://web.elth.ucv.ro/eduqas> and <http://eduqas.dsum.edu.ua> were launched from the project's inception. They are constantly updated and contain informative resources needed to contribute efficiently to the project dissemination.

Project logo was created and approved directly at the kick-off meeting at Craiova (27-28 Feb, 2018) and then used on all project's outputs, providing better visibility.

Social networking was also very actively applied in the EDUQAS. In particular the EDUQAS group in Facebook was created and became extremely active and dynamic <https://www.facebook.com/eduqasdsum>

#### *Activity 5.3. Organize dissemination events*

The following dissemination events have been arranged:

#### **P7 - SIMON KUZNETS KHARKIV NATIONAL UNIVERSITY OF ECONOMICS, Kharkiv, Ukraine**

1. Information about the project on the KhNUE website

<http://www.hneu.edu.ua/EDUQAS>

2. Publications on the website

<http://www.hneu.edu.ua/articles/profile/2601.21.10.18>.

Presentation of the project at the XI Congress of the Ukrainian Association of European Studies

<http://www.hneu.edu.ua/EDUQAS>

Placement of methodological materials on the quality of education on the university's website.

<https://www.hneu.edu.ua/event/trening-dlya-pidgotovky-ekspertiv-iz-zabezpechennya-yakosti-vyshhoyi-osvity-v-hneu-im-s-kuznetsya/>

Workshop for the training of experts on ensuring the quality of higher education in KhNEU.

EDUQAS webpage at the NAQA web-site was created with information about the project, NAQA role in it and related links. NAQA also regularly publishes information about EDUQAS events and activities on the official web-site in Events and Publications area.

Two large high-level all-Ukrainian dissemination events were organized in frames of EDUQAS project at Lviv Polytechnic National University" (25-26 February 2021) and at Simon Kuznets Kharkiv National University of Economics (18-19 March 2021) with a purpose to present in different regions of Ukraine the developed recommendations for internal QA system at HEIs, disseminate the best practices of internal quality assurance systems and provide examples of the effective involvement of stakeholders into the internal QA system.

The representatives of project partners shared their experiences with colleagues from other universities in the reforming of own internal quality assurance systems (approaches, regulations, structure) based on the EU practices learnt in frames of EDUQAS project.

Top management of the National Agency for Quality Assurance in Higher Education (NAQA) delivered presentations focused on the project impact on national quality assurance

## Dissemination Report

---

system in higher education and gave explanations to the specific questions from participants of the workshops.

Representatives of the Ministry of Education and Science of Ukraine presented the issues related to assurance of the quality of higher education in the context of the new Strategy of Higher Education. The Ministry of Education and Science of Ukraine highly appreciated the project developments to and expressed the willingness to promote them to other Ukrainian universities as the best practices and look for opportunities to ensure the exploitation of project results by other Ukrainian universities, thus contributing the sustainability of project results.

The key target groups of these dissemination events were the rectors/vice-rectors of higher educational institutions of the Western and Eastern regions of Ukraine (18-20 Universities participated on-site in each location), staff of quality assurance units, representatives of students, local authorities, business and employers.

The events were planned and performed in a blended format. Face to face mode was covered up to 50 participants at each event (larger gatherings have been restricted owing to quarantine measures in Ukraine due to COVID-19). To ensure the broad coverage of target groups the zoom-conferences were organised and streamed via Facebook ([https://fb.watch/5\\_nC2G4WWe/](https://fb.watch/5_nC2G4WWe/); [https://fb.watch/5\\_nAFZK-ud/](https://fb.watch/5_nAFZK-ud/); [https://fb.watch/5\\_ns9iUqKF/](https://fb.watch/5_ns9iUqKF/); [https://fb.watch/5\\_np1PHbjX/](https://fb.watch/5_np1PHbjX/)) in parallel.

Two more similar events have been planned and even scheduled also in Dnipro and Mariupol (locations of two other project partners); however, both have been cancelled owing to worsening epidemic situation in the end of March and April 2021 when both regions have been classified "red" and the gatherings have been forbidden. Nevertheless, the conducted high-level events gained tremendous interest amongst the academic community being of critical importance in the context of unrolling accreditation campaign of Ukrainian HEIs where QA issues are central.

These two dissemination events in Lviv and Kharkiv very efficiently substituted the final project conference holding of which was not possible due to quarantine restrictions. The relevant explanations and request for authorization of this measure was communicated with the Project Officer at EACEA.

## Dissemination Report

---

An important place in the system of dissemination and sustainability of EDUQAS project results belongs to the case study "European, Ukrainian and Kazakh policies, strategies and practices of quality assurance in higher education".

This publication introduces European, Ukrainian, Kazakh policies, strategies and practices of quality assurance in higher education on national and institutional levels. In this publication the Ukrainian and Kazakh HEIs pay a lot of attention to the results of Erasmus + project EDUQAS "Implementation of Education Quality Assurance system via cooperation of University-Business-Government in HEIs" (586109-EPP-1-2017-1-RO-EPPKA2-CBHE-SP) achieved at the Ukrainian and Kazakh university-partners and promote the practical mastering of the best European practices.

The holistic approach to solving the issues of internal quality assurance of higher education was achieved and demonstrated. The role of active cooperation of HEIs with internal and external stakeholders was strongly shown.

This case study is recommended for HEI representatives as well as for everyone who are interested in establishing a quality system in higher education.

## CONCLUSIONS

The success of the dissemination of EDUQAS project lies in a holistic approach applied from the beginning of the project. Its major components, such as mutually agreed dissemination strategy, careful defining of target groups and relevant tools, large number of public events, constant publication, dissemination via media including various web-resources, newspapers and social networks, allowed as to reach the maximum audience of various stakeholders and thus ensure acceptance of the project deliverables within and beyond the academic community. We, therefore, strongly believe that our dissemination activities laid down solid foundation for lasting sustainability of project outputs.
